

PREMIER PEOPLE. PREMIER PLACE. PARKLAND COLLEGE.

Parkland is a comprehensive community college with an enrollment of approximately 11,000 students, located in Champaign-Urbana, Illinois (pop. 115,000). Located near the center of the state, our campus is only a few hours away from Chicago, St. Louis, and Indianapolis. We are dedicated to providing programs and services of high quality to our students, and are committed to continuous improvement, to academic achievement and its documentation, and to the concept of shared governance. We cultivate inquiry, practical application of knowledge, and community involvement.

We seek faculty who will share our commitment to teaching and to the learning college concept; to a strong sense of integrity and collegiality, including valuing different points of view; to the community college philosophy; to the use and development of innovative instructional technology and learning strategies; to multicultural education; and to education and service for a culturally diverse student population.

As a means of enhancing the inclusive environment of Parkland College and fulfilling the promise inherent in our stated core values, we proudly seek to embrace the diversity of our student body through the hiring of full-time faculty who clearly add to the representation of any underrepresented faculty group in a particular department.

Departmentally, any potential hire who meets the qualifications of the position announcement and also fits the college's definition of diversity as outlined in the college's EEO statement, to wit: age, ancestry, color, disability, gender, gender expression, marital status, national origin, race, religion, sex, sexual orientation, or veteran status (including Vietnam veterans), as well as demonstrates a healthy understanding of and significant cultural competence towards the diverse array of community college students at Parkland College, should be given serious consideration.
