

## WPA 2010 Conference Proceedings Submission Checklist

Please complete and include the following checklist with your WPA 2010 Conference Proceedings submission. The checklist will help you make certain all required documents are submitted (a condition of acceptance into the proceedings), and it will enable the editors to easily verify that everything that is needed is included.

More information about requirements for submitting your proceedings manuscript is available on the CWPA website: <http://wpacouncil.org/conference-proceedings>. For any questions about formatting and submitting your manuscript not answered by the documents on the CWPA website, contact the editors, Charlie Lowe and Terra Williams, at [confproceedings@wpacouncil.org](mailto:confproceedings@wpacouncil.org)

**Submit your documents online at <http://wpacouncil.org/proceedings-submissions>.**
