In the introduction says if you ask someone today if they are happy they are most likely to tell you yes or no and the reason will be because of someone or something. I think they aiming at what the causes of people happiness I think they should start the paper off with a better question.  
Classmate #26's Rating: ★☆☆☆☆

The writer says a big part of happiness is found in relationships. The writer is aiming at it that happiness comes from relationships. I think they should improve it by saying that most of the happiness portion comes from healthy relationships.  
Classmate #26's Rating: ★☆☆☆☆

The writer says being in a happy relationship can determine how our health is going to be in the future and if we are unhappy in relationships our health will decline. They aiming for that the healthy relationships keep the bodies up. I think that they should give more details about this point.
